

Secure Your Attendance at the Waxman Fibres Protal Seminar – The future of Protex Modacrylic Fibres for Protective workwear!

Secure Your Attendance at the Waxman Fibres Protal Seminar – The future of Protex Modacrylic Fibres for Protective workwear!

This is your exclusive opportunity to gain insights into the future of inherent flame resistant (FR) protective workwear. Discover groundbreaking advancements in the Protal range of FR solutions, powered by Protex Modacrylic Fibres. Learn how these cutting-edge technologies are setting new standards in performance and safety, especially against critical risks like arc flash and other FR hazards.

As the **only global seminar** dedicated to Modacrylic Fibres in PPE, this event promises unparalleled insights into:

- **Innovative FR Performance and Cleaner Chemistry:** Learn how Protex Modacrylic Fibres will evolve to meet the demands of high-risk industries and how the FR chemistry mechanism will change and adapt.
- **Fibre Technical advancement:** increase in LOI performance, up to 20% higher than current technology.
- **Sustainability Standards:** Dive into the latest developments in Oeko-Tex and REACH compliance without compromising safety.
- **Future-Proof Solutions:** Explore the latest in FR protective workwear designed to provide superior protection against arc flash and other hazards.

Event Highlights:

When: 17th & 18th June

Where: Waxman Fibres, Grove Mills, Elland, HX5 9DX, UK.

What's Included:

- Dynamic morning and afternoon sessions (same content, repeated for your convenience).
- A select exhibition featuring top fabric producers and garment manufacturers.
- A networking dinner on the evening of the 17th at Briar Court Hotel.

Confirmed Exhibitors:

Garment Makers: ProGARM, Tranemo UK, Alsico UK, Pulsar, LS International, Yansport Safeywear

Fabric Producers: Marina Textil, Lenard BCN, Klopman International, Toledo Fabrics, Concordia Textiles

Testing Lab: Aitex

Event Schedule:

17th & 18th June Morning Session

- **9:15:** Arrival & Coffee
- **10:00:** Presentations
 - **Waxman Fibres:** Protex Modacrylic fibre – Antimony-free solutions for FR workwear. Evolution of Modacrylic fibres in PPE and how the fibre works for FR protection including Arc Flash, and why you should be wearing them.
 - **Guest Speakers from fibre, fabric and garment manufacturing:**
 - Topics of Discussion:
 - **Recycling Workwear:** Gasification of textile waste to produce recycled chemicals.
 - Utilisation of these recycled chemicals in Protex fibre production.
 - **Upcycling Waste in Manufacturing:** Converting waste generated throughout the manufacturing process into recycled FR Arc flash fabric and garments.
 - **Sustainable Fibre Innovations:** Integration of sustainable cellulosic fibres with Protex for FR fabric and garment solutions.
- **12:30:** Lunch, networking, and exhibition

Afternoon Session

- **12:30:** Arrival, lunch, networking, and exhibition
- **14:00:** Presentations (as above)
- **16:00:** Close

17th June Evening – Networking Dinner

- Time: Evening at Briar Court Hotel

Exclusive Hotel Offers

If you require accommodation, we've partnered with nearby hotels for discounted rates:

- **Briar Court Hotel:** Rooms from £82 (Bed & Breakfast) briarcourt.co.uk
- **Cedar Court Huddersfield:** Rooms from £96 (Bed & Breakfast) cedarcourthotels.co.uk

RSVP Now!

Don't miss out on this unique occasion to network with key decision-makers in garment manufacturing, distribution, industrial laundry services, and end-users. Spaces are limited— please send an email to inquire about the opportunity to attend the seminar

Email: seminars@waxmanfibres.co.uk with:

- Preferred seminar date (AM or PM)
- Confirmation for the networking dinner (include attendees' names)

We look forward to welcoming you to this unmissable event!
